Made in USA

ShaftSwap® Interaxle Driveshafts

Neapco ShaftSwap® interaxle driveshafts for 1710 driveline series applications are a quick, easy and profitable installation option.

Designed, engineered, and manufactured to industry OEM standards, Neapco ShaftSwap® interaxle driveshafts are an economic alternative to stocking multiple interaxle driveshaft assemblies. With just five interaxle driveshafts, you will be covered for 134 OE part number applications!

Features

- High-angle yokes allow for up to 45 degree angles.
- Minimizes downtime - No need to wait for the shaft to be built.
- Maximizes service efficiency, maximizing revenue and profits.
- Minimizes SKU proliferation - Only five part numbers required.
- Optimizes shop efficiency - Spend less time on small driveshafts.
- Genuine Neapco product made in Beatrice, NE, USA
